

# Brighton Ski and Snowboard Lessons 2018

## REGISTRATION FORMS DUE 12/8/2017

Come ski with your Brighton friends at Stevens Pass this winter!  
This packet includes information and how to register.

Free Season Pass for  
under 7 and 5<sup>th</sup> Graders

### When is ski school?

Fridays - 1/12, 1/19, 1/26, 2/2, 2/9, 2/16 (3/2 make-up day if needed)

### Who is eligible?

All Brighton students ages 3 and up, parents, other family members and friends are welcome and eligible for reduced price lessons and lift tickets through Brighton. All participating students ages 3- grade 8 must take lessons.

### Can my student attend without a parent chaperone?

All students must have a parent or Brighton staff chaperone. Brighton staff will chaperone students in 4<sup>th</sup> through 8<sup>th</sup> grade. Indicate this on the registration form and we will assign a Brighton staff member to chaperone your student. Your student must be emotionally and physically independent to be chaperoned by a staff member. *All students who are chaperoned by Brighton staff AND are first year beginners must take full-day lessons.*

### Chaperone info and responsibilities

**All students must have an adult chaperone.** Chaperones are needed to assist children with their equipment, clothing, getting to morning and afternoon lessons, at lunch, using the bathroom, and at the end of the day to get students back to the bus. **Chaperones do not have to ski.** Many adults do not ski; they sit in the lodge and read, work on their laptop (free Wi-Fi) or just talk with other parents. Chaperones may be responsible for more than one skier.

Chaperones are free to ski when students are in lessons, but are responsible for them when not in lessons. Older, independent skiers and snowboarders can ski in groups of three or more. Chaperones should always know who their skiers are skiing with and what ski runs they are skiing. Two-way radios and cell phones (sealed in baggies) are handy to keep in touch with your skiers.

### How do I register?

Two-step registration process:

1. Fill out and return two Brighton School forms with ski school fee.
2. Log on to Stevens Pass web site and register for lessons and lift tickets.

### Group lessons and other programs

All students must take a morning or afternoon lesson (10AM–noon or 1-3PM). There is also an option for full-day lessons. Parents may take “Learn in 3” lessons.

### Lessons for 3-6 year olds

3-6 year olds have a different lesson format. They will participate in Kids’ Club. Please see attached information and Stevens Pass web site for more information.

### How many students per class?

Typically, classes are between 6-10 students in size.

### What is the cost of the program?

There is a \$40 ski school fee for each student who participates that is paid to “Brighton School.” If you choose to take the ski bus, there is a separate fee for that also paid to “Brighton School.” You will register and pay for lessons and lift tickets on Stevens Pass web site.

### Where do we get ski equipment?

You are responsible for obtaining your own ski equipment. Two local companies have agreed to give Brighton School families 10% off ski and snowboard rentals. **Seattle Ski and Snowboard** in Shoreline and **Play It Again Sports** in Lynnwood will honor this discount. Take the coupon below to the shop of your choice and present to employee. Stevens Pass also offers a six week or full-season rental package. Rental equipment will be picked up at Stevens Pass on the first day of lessons and returned on the last day if you choose the 6-week rental.

### How do we get to Stevens Pass?

You can drive your own vehicle or ride our luxurious motor coach. The bus is a relaxing way to go where you can get a little work done, watch a movie, read a book, newspaper, or get to know other Brighton families. The bus departs Brighton's parking lot at 7:20 a.m. and arrives at Stevens about 9:00 a.m. The bus departs Stevens Pass around 3:45 p.m. and arrives back at Brighton about 5:30 p.m. You must register for all six weeks of the season, not just week-by-week. Seats can be purchased weekly for \$50 if space is available. ***We offer reduced bus fare for each bus-riding adult chaperoning 2 or more students, including your own children.*** Please indicate who you will chaperone on your registration form.

### Clothing and Attire

Proper clothing is essential to a happy and safe day on the slopes. Layer your child so he/she can wear comfortable clothes on the bus and simply put their ski clothes on over bus clothes. Skiers should wear insulated ski socks, layers you can add or subtract depending on the conditions, water repellent ski parka and ski pants or bibs, ski helmet (**required for students and strongly encouraged for parents**), waterproof mittens or gloves, and goggles. It is great to have an extra pair of gloves to put on after lunch if it is a wet day. In addition, dry clothes for the ride home feel good at the end of the day. After ski boots, slippers or other regular tennis shoes are needed for the bus ride. Anything not worn must be carried in a bag or backpack. PLEASE LABEL skis, poles, helmets, mittens, goggles, etc.

### Food

Pack a hearty lunch and snacks for the bus ride up and back. The lodge also offers hot food. Extra money for drinks or hot chocolate is a good idea. Because we do not have access to the bus during the day you must take your lunches and any extra gear with you to the slopes. Lockers are available in the lodge for about \$5 per day.

### Why do fifth graders ski free?

This is a promotion that all ski areas across the country have adopted.
