

Brighton Program Overview 2018-2019

Program Summary:

Our six-week program is dedicated to teaching the fundamentals of skiing or snowboarding while instilling a passion for the mountain environment for all levels of participants. The consistent schedule and working with the same group of coaches each week helps to build confidence, and create an experience where students feel comfortable. Students will be assigned to a class each week based on their age and ongoing ability level. This season we will not be offering a 'full-day' lesson option as we have in the past, but those that are interested can sign up for both morning and afternoon lessons. The afternoon lesson is discounted to incentivize signups for this lesson time.
