# **S.O.A.R.** (Student Opportunities for Activities and Recreation)

*Where learning continues beyond the school day*

Our SOAR Program offers students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

## **Extended Day**

**\*Sign ups are closed for the 25-26 school year\***

The SOAR program at Brighton School offers a vibrant before and after school experience designed to support the whole child - academically, socially, emotionally, physically, and creatively. SOAR stands for Student Opportunities for Activities and Recreation and is built to provide students with a balanced, joyful start or end to their day through enriching activities, opportunities for growth, and meaningful connections.

### **Program Details:**

- Hours:
  - 7am – Start to school
  - End of school - 5:30pm
- Cost:
  - Before Care: \$277/month
  - After Care: \$397/month

**\*A \$10/minute late fee will be assessed for late pickups. Multiple late pickups may result in removal from our SOAR program.**

## **Clubs & Enrichment**

Our Clubs and Enrichment Programs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

### **Program Details:**

- Hours:
  - Early Childhood: : 2:30 - 3:15 pm
  - K-8th Grade: 3:15 - 4:15 pm
- Cost:
  - Early Childhood: : \$320 per 8-week session
  - K-8th Grade: \$365 per 8-week session

# Extended Day

# Extended Day

*Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills and to reinforce the skills they're learning during the school day.*

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, read, journal, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

# Mondays

## Chess Wizards (All Levels)

Chess Wizards is the largest chess education program in the United States. Our goal is for chess, and education in general, to be fun and exciting for our students. Learning chess has many great benefits for kids, like better decision-making, self-confidence, logical thinking, and sportsmanship. We have a huge variety of classroom activities designed to make learning fun, such as team chess games, interactive lessons, and both chess and real-life thinking puzzles.

**Grades:** K - 8  
**Day & Time:** Mondays 3:15 - 4:15 pm  
**Dates:** 4/13, 4/20, 4/27, 5/4, 5/11, 5/18, 6/1, 6/8  
**Cost:** \$365  
**Instructor:** Chess Wizards  
**Sign up:** <https://forms.gle/5V6esUt2BhZKkegKA>

## LEGO Robotics

This Spring enrichment class introduces 4th and 5th graders to the exciting world of robotics using LEGO Spike Prime kits. Students will design, build, and code their own robots while learning foundational engineering and programming skills. Through hands-on challenges, they will develop problem-solving, teamwork, and critical thinking abilities. Meeting once a week, this course also prepares students for participation on the middle school robotics competition team.

**Grades:** 4 - 5  
**Day & Time:** Mondays 3:15 - 4:15 pm  
**Dates:** 4/13, 4/20, 4/27, 5/4, 5/11, 5/18, 6/1, 6/8  
**Cost:** \$365  
**Instructor:** Mr. Kindred and Miss Chrissy  
**Sign up:** <https://forms.gle/JWfN8qXs1FWDbRfM9>

## ECE Chess

Our youngest learners are introduced to the world of chess through movement, games, and imagination! In Preschool Chess, students will learn the basic pieces and how they move using active, play-based activities that get bodies and brains working together. Children might stomp like a rook, tiptoe like a bishop, or hop like a knight as they explore the chessboard in fun and memorable ways.

**Grades:** Preschool and Pre-K  
**Day & Time:** Mondays 2:30 - 3:15 pm  
**Dates:** 4/13, 4/20, 4/27, 5/4, 5/11, 5/18, 6/1, 6/8  
**Cost:** \$320  
**Instructor:** Coach Monae (Seattleroos)  
**Sign up:** <https://forms.gle/UfqncLadq9ioacgi9>

## Game Design and Coding

Code a multi-level mini-game every class - maze racers, platformers, pet simulators - then level up with new coding ideas taught daily. Students use Lando's Scratch-based app on an iPad, so our teachers can guide just-right quests - no one should get stuck or bored. Learners playtest their mini-game with friends - and get a link to keep coding at home.

**Grades:** 2 - 4  
**Day & Time:** Mondays 3:15 - 4:15 pm  
**Dates:** 4/13, 4/20, 4/27, 5/4, 5/11, 5/18, 6/1, 6/8  
**Cost:** \$365  
**Instructor:** Amrine (Lando)  
**Sign up:** <https://forms.gle/k7gSAJAUUaEq8F3g6>

## ECE Basketball

Seattle Balleroo classes are designed to teach our young athletes basic basketball skills and the benefits of healthy competition. Our team teaches good sportsmanship and teamwork strategies to bring our young athletes together. Our class activities inspire critical thinking so each child can put their own decision making skills to the test. We cater to the needs of our athletes and provide a curriculum that is not only educational but also really fun!

**Grades:** Preschool and Pre-K

**Day & Time:** Tuesdays 2:30 - 3:15 pm

**Dates:** 4/14, 4/21, 4/28, 5/5, 5/12, 5/19, 5/26, 6/2

**Cost:** \$320

**Instructor:** Coach Monae (Seattleroos)

**Sign up:** <https://forms.gle/gG1YU1sFiGguvh196>

## Engineering and Robotics

Students dive into the mechanics that keep a city running as they design, prototype, and test moving creations using LEGO Technic parts, motors, and gears. Each class features open-ended engineering challenges, from building cranes and scissor lifts to crafting inchworms, airplanes, and earthquake simulators, that grow students' skills in motion, stability, and design iteration. Designed in collaboration with Professor Bricks, this course offers a wide range of dynamic, age-adapted projects to keep both new and returning builders engaged.

**Grades:** K-1

**Day & Time:** Tuesdays 3:15 - 4:15 pm

**Dates:** 4/14, 4/21, 4/28, 5/5, 5/12, 5/19, 5/26, 6/2

## K-1 Basketball

Seattle Balleroo classes introduce young athletes to the fundamentals of basketball in a fun, encouraging environment. Students will learn basic skills like dribbling, passing, shooting, and teamwork while building confidence and coordination on the court. Through engaging games and skill-building activities, our coaches emphasize good sportsmanship, healthy competition, and teamwork. Each class encourages players to think, react, and make their own decisions during play, helping them grow both as athletes and teammates.

**Grades:** K-1

**Day & Time:** Tuesdays 3:15 - 4:15 pm

**Dates:** 4/14, 4/21, 4/28, 5/5, 5/12, 5/19, 5/26, 6/2

## Slime Time

Get ready to stretch, squish, and experiment! In *Slime Time*, students will explore the science and creativity behind making slime while creating a new type each week. From fluffy slime to glitter slime to stretchy, glow-in-the-dark creations, students will mix, measure, and customize their own batches. Along the way, they'll learn simple science concepts, experiment with textures, and have lots of messy fun. Each class ends with students taking home their slime creations to show off!

**Grades:** K-2

**Day & Time:** Wednesdays 3:15 - 4:15 pm

**Dates:** 4/15, 4/22, 4/29, 5/6, 5/13, 5/20, 5/27, 6/3
